

Biological Substance Category B

Check all that apply

Type of specimen:

- ☐ Blood
- ☐ Urine
- ☐ Feces
- ☐ Skin
- ☐ Other (please specify)

Physical form of the sample:

- ☐ Solid
- ☐ Liquid
- ☐ Lyophilized
- ☐ Placed in a medium (please specify)

Nature of the sample:

- ☐ Human
- ☐ Animal
- ☐ Plant
- ☐ Other (please specify)

Purpose of the specimen:

- ☐ Research on non-infectious property (e.g. heredity, pregnancy, cholesterol....)
- ☐ Research on infectious property (e.g. confirm infection, determine medication....)
- ☐ Other type of research (please specify) _____

Risk Groups involved: as determined by the World Health Organization (to be in compliance with several operator variances).

- ☐ Risk Group 1
- ☐ Risk Group 2
- ☐ Risk Group 3
- ☐ Risk Group 4

Type of packaging used:

- ☐ DHL WMX
- ☐ DHL Vialsafe
- ☐ Own box PI 650 conform
- ☐ Own box test report number
- ☐ UN-box according to PI 602

Has the packaging been tested in accordance to PI650?

- ☐ Yes
- ☐ No

Is the 95 kPA pressure test performed on:

- ☐ Primary Receptacle
- ☐ Secondary Receptacle

Do you have a test report?

- ☐ Yes
- ☐ No
